To Fill Public Safety Vacancies

**Alderman William J. Casey Will Appoint Two
Patrolmen, Four Firemen, An Ambulance
Man And Six Reserves In Fire And Police
Departments**

Alderman William J. Casey is getting ready to appoint two permanent patrolmen, two permanent reserve patrolmen, four permanent firemen, four permanent reserve firemen and one ambulance driver-medical aid man as a result of vacancies existing in the Lawrence police and fire departments.

He made requisition to the state civil service commission Thursday afternoon for eligible lists, all appointments to become effective on Jan. 1. A patrolman, fireman and ambulance driver-medical aid man receive \$66.54 a week. A reserve gets \$9.50 a day when he is employed.

The two vacancies in the police department resulted from Patrolman John J. Morrison resigning on Sept. 25 to accept a supervisory position with the Central Intelligence Agency in Washington, D. C., and Patrolman Henry A. Morrison retiring on Oct. 6.

The four vacancies in the fire department were brought about as follows: Bernard L. Reilly of Engine 6 died on Oct. 18; John J. Moynihan of Engine 3 retired last February; John F. Danahy, who was serving as clerk in the fire prevention bureau, retired on Nov. 10 and Charles J. Daley of Engine 7 has announced he will resign effective Tuesday, Dec. 23.

As previously reported, Wilfred M. McAvoy of Engine 2 will retire on Dec. 28. In this connection the alderman said he will fill this existing vacancy in the fire department with an ambulance driver-medical aid man.
